## Professional Summary

Computer Science Engineering student with strong skills in data analysis, data cleaning, and visualization. Proficient in SQL, Excel, Python, and Power BI with experience transforming raw data into actionable insights. Interested in applying data-driven approaches to improve decision-making and outcomes in education and analytics-driven environments.

## Core Skills

**Data Analysis:** SQL, Excel (Pivot Tables, VLOOKUP, Data Cleaning), Python (Pandas), Data Processing

**Data Visualization:** Power BI, Dashboard Development, KPI Tracking, Data Interpretation

**Analytical Skills:** Data Cleaning, Exploratory Data Analysis (EDA), Insight Generation, Reporting

**Tools:** Power BI, MS Excel, Google Sheets, JIRA

## Experience

### Business Development Intern – Sovereign Advisories, Mumbai

Dec 2024 - Mar 2025

- Collected, organized, and analyzed data related to engagement and performance metrics.
- Prepared structured reports and dashboards to track key performance indicators.
- Derived insights from data to support strategy improvements and decision-making.
- Maintained data accuracy and consistency across tracking sheets and reports.
- Collaborated with team members to identify trends and improve reporting processes.

## Projects

### Retail Customer Behavior Analytics | Python, SQL, Power BI | GitHub

- Cleaned and analyzed a retail dataset (3,900+ transactions) to identify customer behavior patterns.
- Performed exploratory data analysis using Python (Pandas) and SQL.
- Built an interactive Power BI dashboard to visualize KPIs and trends.
- Generated insights on customer segmentation and purchasing behavior.

### Telecom Customer Churn Analysis | Power BI, Excel | GitHub

- Analyzed customer churn data (7,000+ users) to identify trends and risk segments.
- Built dashboards to track churn rate, revenue, and customer distribution.
- Identified key factors influencing churn to support data-driven decisions.
- Presented insights using clear visualizations and structured reporting.

## Education

### Bachelor of Engineering (B.E.) in Computer Science (DevOps)

Aug 2022 - Jun 2026

Chandigarh University, India

### Higher Secondary Education (Science)

Jun 2020 - Mar 2022

SVKM, Mumbai, India

### International General Certificate of Secondary Education (IGCSE)

Jun 2008 - Mar 2020

Bombay Cambridge International School, Mumbai, India

## Certifications

Google Business Intelligence Professional Certificate - Coursera

Mar 2026

Google Data Analytics Professional Certificate - Coursera

Dec 2025
